## Step 1

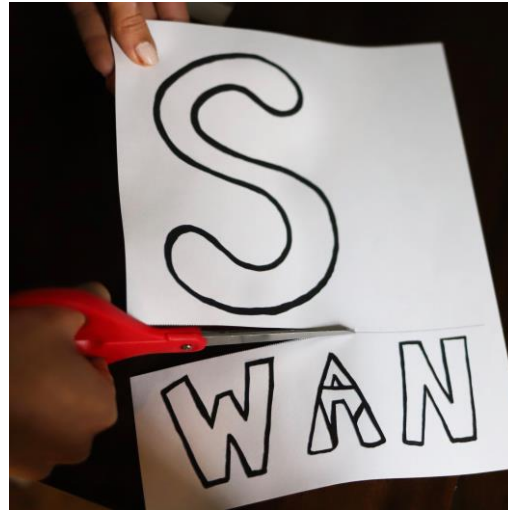

Talk to your child about the letters that are needed for the word “SWAN” & the letter sounds.

Now model for your child how to write the letters by tracing them with your finger. *Encourage your child to trace the letters too.*

## Step 2

Cut across the dotted line.

## Step 3

Cut out the letters W, A and N.

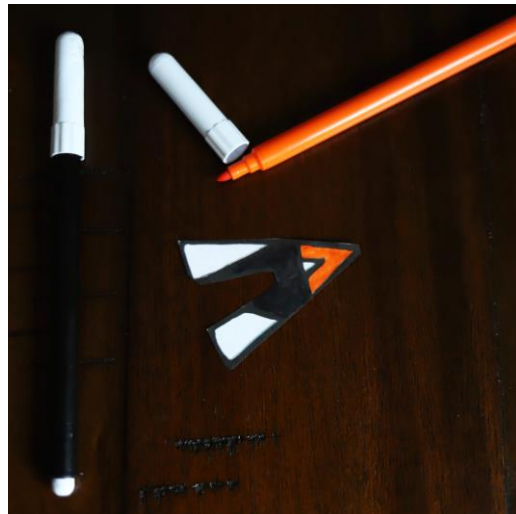

### Step 4

Place the letters on the S, showing your child how they will make the S transform into a swan.

### Step 5

Color Letter A to resemble a swan face.

### Step 6

Glue the letters W, A, N to the S.

## Step 7

Gather any other crafting items needed to complete the decoration of your swan! *We used markers, glitter glue and tissue paper.*
